 HXB-V1 · MAINTENANCE LOG

Maintenance log

One block per check. Electrolyte, feed water and hand work are not in the unit's records, so note them here and send a copy with any enquiry.

Serial number	Location
---------------	----------

Date	Total run hours	Operating point	Stack voltage	Feed water	Checked by
e.g. 2026-10-05	312 h	50 A · 50 °C · 10 barg	41.2 V	0.8 µS/cm · refilled	(signature)
Electrolyte		Leaks, crystals	Alarms	Action taken	
Not changed · 21.4 mS/cm · clear		None	Electrolyte flowrate low x1	Cleaned fan filter	

Date	Total run hours	Operating point	Stack voltage	Feed water	Checked by
Electrolyte		Leaks, crystals	Alarms	Action taken
